

AUR40226 CERTIFICATE IV IN AUTOMOTIVE MECHANICAL DIAGNOSIS

CRICOS Course Code: 120317C

National Qualification Code: AUR40226

Course Duration: 39 Weeks (Includes term breaks)

Delivery arrangement: Face to Face and Online

Next start dates: See website for details or contact admissions

COURSE DESCRIPTION

This qualification reflects the role of individuals who perform advanced diagnostic tasks in the automotive retail, service and repair industry.

STUDY AND ENJOY MULTICULTURAL BURWOOD

Skyline International College, Burwood campus is just 12 minutes by train from the heart of the city of Sydney. The campus is in the center of Burwood and is just 2 minutes of walk from the Burwood train station or bus stop. Burwood is multicultural and is a destination for international students to live and work.

ENTRY REQUIREMENTS

Skyline International College (SIC) follow the AUR Training package guidance for the entry requirements for this qualification.

Those undertaking the AUR40226 Certificate IV in Automotive Mechanical Diagnosis must have completed an automotive mechanical Certificate III qualification, or be able to demonstrate equivalent competency.

Age and Academic Requirements:

International students must be 18 years or older and minimum completion of Australian Year 12 secondary school education equivalent or above.

English Language Requirements:

- Academic IELTS 6.0 overall, no less than 5.5 in each band, upper intermediate, or EAP from an approved ELICOS/ESL center.
- Any AQF qualification at the Certificate III level or above in any discipline area delivered and assessed in English only will be deemed as meeting both the academic and English language entry requirements.
- Successfully complete the Language, Literacy, and Numeracy (LLN) and Digital literacy assessment provided by SIC prior to finalization of enrolment.

Physical requirements

Participants will be made aware that this course requires physical tasks including manual handling such as inventory and using heavy equipment's in a mechanical workshop setting.

RESOURCES REQUIREMENTS

We provide access to your course materials through SIC eSpace online platform and course handouts. We have computers and student access at College, required software's (e.g. IT software's and Microsoft suite) are installed in college computers for students to use.

The course materials fee for the course is \$500.

VOCATIONAL OUTCOME

Occupational titles suited to our choice of electives may include:

- Automotive Heavy Vehicle Master Technician
- Automotive Master Technician
- Automotive Mechanical Overhaul Technician
- Performance Vehicle Technician

COURSE STRUCTURE

Our course has been designed to meet the requirements for the AUR40226 Certificate IV in Automotive Mechanical Diagnosis. It contains 10 units of competency as follows:

- 1 core units
- 9 elective units

Unit Code	Unit Title	Core/Elective
AURTTA121	Diagnose complex system faults	Core
AURETR137	Diagnose complex faults in light vehicle safety systems	Elective
AURLTB104	Diagnose complex faults in light vehicle braking systems	Elective
AURLTD109	Diagnose complex faults in light vehicle steering and suspension systems	Elective
AURLTE104	Diagnose complex faults in light vehicle petrol engines	Elective
AURLTX101	Diagnose and repair light vehicle manual transmissions	Elective
AURLTX104	Diagnose complex faults in light vehicle transmission and driveline systems	Elective
AURLTX103	Diagnose and repair light vehicle clutch systems	Elective
AURTTA125	Diagnose complex faults in vehicle integrated stability control systems	Elective
AURTTR101	Diagnose complex faults in engine management systems	Elective

DELIVERY METHODS

The course is delivered across 30 weeks over 3 terms.

The delivery mode is blended delivery mode combining classroom, practical.

Classroom learning

The trainer will introduce the unit and the required knowledge and deepen the student's understanding of topics through a range of teaching methods. The materials are supplied and are comprehensive. Referring to SIC eSpace online, the trainer directs students to attempts the learning activities then written tests that cover the unit.

Workshop practical sessions:

For workshop sessions, students will undertake training and assessment in a commercial automotive workshop. Sessions provide an environment for students to work on practical learning for each unit. This is done under the guidance of the trainer. Students are encouraged to support each other in pairs and small groups. The workplace is fully functional Automotive Service Business and offers customers a comprehensive range of services to keep their cars safe and roadworthy. With Light Motor Vehicle servicing and mechanical repair, it's a one-stop shop to keep vehicles performing to their best ability. With a convenient location and friendly staff, workplace aims to take care of all vehicular needs in one go.

With fully functional Automotive students will be able to develop their skills in a 'real-time' automotive service delivery environment.

Structured online learning

5 hours per week is scheduled contact hours in eSpace – it is a structured online delivery.

The trainer explains the learning activities that must be completed each week in the 5 hours allocated to self-directed learning in this blended mode through eSpace. Students complete the study in eSpace on their own outside of the set classroom hours. Students will be expected to have completed this online learning to keep up with the session work.

Additional self-study

The trainer explains the learning activities that must be completed each session. There is a lot of content and the overseas students may need extra time to absorb the classroom learning. Students complete extra self- managed study approximately 5 hours per week in the platform on their own outside of the set classroom hours. This is recommended to do study and homework and is not monitored for training hours. Students will be expected to complete this as homework to keep up with the class work. This is not monitored by the trainer and is NOT counted in the 20 scheduled contact hours per week. These hours are counted as volume of learning hours and are additional to the amount of training hours.

SAMPLE TIMETABLE

SAMPLE TIMETABLE	Face to Face - Theory & Practical (15 hours/week)	Online (5 hours/week)
Day option 2 days 8.00 am - 4.00 pm	Lectures, group work, oral work, case studies, practical workshop	Self-Study (in your own time). Revise and practice classroom learning.
Evening option 3 evenings 4.15pm – 9.30pm		

ASSESSMENTS

Students are required to complete a range of tasks as part of the assessment requirements for each unit. Assessments methods may include:

1. Written Assessment
2. Practical Demonstration of Task
3. Case study
4. Project / Assignment
5. Role Play / Presentation
6. Portfolio / Work Placement / Third Party Report

Within the Projects there may be a number of tasks and methods used to gather evidence of competency such as:

- Web based research and reports
- Scenarios and case studies
- Practical demonstrations observed by the Assessor
- Simulations
- Presentations observed by the Assessor

RECOGNITION OF PRIOR LEARNING (RPL) AND CREDIT TRANSFER (CT)

RPL and credit transfer (CT) can be applied for at the time of enrolment or during orientation and the original or certified copy must be provided. A fee is payable for assessing your RPL status or processing your credit transfer, please refer to our price lists in the handbook and website. If credit is granted, international students may have their course and visa shortened.

Pathway from AUR30620 Certificate III in Light Vehicle Mechanical Technology to AUR40226 Certificate IV in Automotive Mechanical Diagnosis

Students who have completed the AUR30620 Certificate III in Light Vehicle Mechanical Technology or relevant units' at SIC will be offered credit transfer. This will reduce the duration of study in the AUR40226 Certificate IV in Automotive Mechanical Diagnosis from 3 terms (direct entry) to 2 terms at Skyline International College.

COURSE COMPLETION

Upon successful completion of all the required units of this course, you will receive a nationally recognised qualification in AUR40226 Certificate IV in Automotive Mechanical Diagnosis. Students who do not complete all required units may be eligible for a Statement of Attainment in partial completion of a AUR40226 Certificate IV in Automotive Mechanical Diagnosis.

PATHWAYS

Under mutual recognition, the Qualification or Statement of Attainment awarded by Skyline International College will be recognized by other RTOs Australia wide. Upon successful completion of this course, students may choose to study:

- AUR50126 Diploma of Automotive Management at Skyline International College. or
- An undergraduate degree at universities or higher education providers that are willing to accept your credentials and experience (subject to higher education providers course entry requirements).

TRAINING AND OTHER FACILITIES

Skyline International College campus is fully equipped with required facilities including modern computer lab with internet access and required IT software's, data projector and resources borrowing facility, printing and photocopying facility and a student common area. practical Automotive workshop– a custom built space that is used for Automotive training and can be adapted to suit light vehicle service and repair practice and simulations

Automotive workshop location

Students note that, Automotive practical workshop facility is located in a different location from the campus. The address of the workshop is: 9 Marsh St, Clyde, NSW: 2142. Student must make necessary arrangements to attend practical workshop session.
