

CPC31320 CERTIFICATE III IN WALL AND FLOOR TILING

CRICOS Course Code: 116680G

National Qualification Code: CPC31320

Course Duration: 104 Weeks (Includes term breaks)

Delivery arrangement: Face to Face and Online

Next start dates: See website for details or contact admissions

COURSE DESCRIPTION

This qualification provides a trade outcome in wall and floor tiling for residential and commercial construction work. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as the specialist field of work, wall and floor tiling. Tilers work with materials like ceramic, glass, slate, marble and clay. They cut these materials and lay tiles on walls and floors, both interior and exterior. They may also add decorative touches to their basic work.

State and territory jurisdictions may have different licensing, legislative, regulatory or certification requirements. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

This qualification is suitable for an Australian apprenticeship pathway.

Completion of the general construction induction training program, specified in the Safe Work Australia model Code of Practice: Construction Work, is required by anyone carrying out construction work. Achievement of CPCCWHS1001 Prepare to work safely in the construction industry meets this requirement.

STUDY AND ENJOY MULTICULTURAL BURWOOD

Skyline International College, Burwood campus is just 12 minutes by train from the heart of the city of Sydney. The campus is in the center of Burwood and is just 2 minutes of walk from the Burwood train station or bus stop. Burwood is multicultural and is a destination for international students to live and work.

The course materials fee for the course is \$4,000.

VOCATIONAL OUTCOME

Occupational titles suited to our choice of electives may include:

- Tiler
- Wall and Floor tiler

COURSE STRUCTURE

Our course has been designed to meet the requirements for the CPC31320 Certificate III in Wall and Floor Tiling. It contains 20 units of competency as follows:

- 17 core units
- 3 elective units

Unit Code	Unit Title	Core/Elective
CPCCCM2006	Apply basic levelling procedures	Core
CPCCOM1012	Work effectively and sustainably in the construction industry	Core
CPCCOM1013	Plan and organise work	Core
CPCCOM1014	Conduct workplace communication	Core
CPCCOM1015	Carry out measurements and calculations	Core
CPCCOM2001*	Read and interpret plans and specifications	Core
CPCCWF2001*	Handle wall and floor tiling materials	Core
CPCCWF2002*	Use wall and floor tiling tools and equipment	Core
CPCCWF3001*	Prepare surfaces for tiling application	Core
CPCCWF3002*	Install floor tiles	Core

CPCCWF3003*	Install wall tiles	Core
CPCCWF3004*	Repair wall and floor tiling	Core
CPCCWF3005*	Install decorative tiling	Core
CPCCWF3006*	Install mosaic tiling	Core
CPCCWF3007*	Tile curved surfaces	Core
CPCCWF3009*	Apply waterproofing for wall and floor tiling	Core
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry	Core
BSBESB301	Investigate business opportunities	Elective
BSBESB407	Manage finances for new business ventures	Elective
CPCWHS1001	Prepare to work safely in the construction industry	Elective

DELIVERY METHODS

The course is delivered across 80 weeks over 8 terms.

The delivery mode is blended delivery mode combining classroom and practical.

Classroom learning:

The trainer will introduce the unit and the required knowledge and deepen the student's understanding of topics through a range of teaching methods. The materials are supplied and are comprehensive. Referring to SIC eSpace online, the trainer directs students to attempts the learning activities then written tests that cover the unit.

Workshop practical sessions:

For workshop sessions, students will undertake training and assessment in a wall & floor tiling workshop. Sessions provide an environment for students to work on practical learning relevant to each unit. This is done under the guidance of the trainer. Students are encouraged to support each other in pairs and small groups. The workshop is fully functional for wall & floor tiling where students will learn about how to lay ceramic, slate, tiles on internal and external walls and floors using glues, grout and cement. Students will learn to use tile-cutting tools to cut and shape tiles in order to fill small edges or make particular patterns.

Structured online learning

5 hours per week is scheduled contact hours in eSpace – it is a structured online delivery. The trainer explains the learning activities that must be completed each week in the 5 hours allocated to self-directed learning in this blended mode through eSpace. Students complete the study in eSpace on their own outside of the set classroom hours. Students will be expected to have completed this online learning to keep up with the session work.

Additional self-study

The trainer explains the learning activities that must be completed each session. There is a lot of content and the overseas students may need extra time to absorb the classroom learning. Students complete extra self- managed study approximately 5 hours per week in the platform on their own outside of the set classroom hours. This is recommended to do study and homework and is not monitored for training hours. Students will be expected to complete this as homework to keep up with the class work. This is not monitored by the trainer and is NOT counted in the 20

scheduled contact hours per week. These hours are counted as volume of learning hours and are additional to the amount of training hours.

SAMPLE TIMETABLE

Day	Face to Face (15 hours/week)	Online (5 hours/week)
Day option 2 days 8.00 am - 4.00 pm	Lectures, group work, oral work, case studies, practical workshop	Self-Study (in your own time). Revise and practice classroom learning.
Evening option 3 evenings 4.00pm – 9.30pm		

ASSESSMENTS

Students are required to complete a range of tasks as part of the assessment requirements for each unit. Assessment methods may include:

1. Written Assessment
2. Practical Demonstration of Task
3. Case study
4. Project / Assignment
5. Role Play / Presentation
6. Portfolio / Work Placement / Third Party Report

Within the Projects there may be a number of tasks and methods used to gather evidence of competency such as:

- Web based research and reports
- Scenarios and case studies
- Practical demonstrations observed by the Assessor
- Simulations
- Presentations observed by the Assessor

RECOGNITION OF PRIOR LEARNING (RPL) AND CREDIT TRANSFER (CT)

RPL and credit transfer (CT) can be applied for at the time of enrolment or during orientation and the original or certified copy must be provided. A fee is payable for assessing your RPL status or processing your credit transfer, please refer to our price lists in the handbook and website. If credit is granted, international students may have their course and visa shortened.

Pathway for other Construction, Plumbing and Services Training Package Courses at SIC

- ✓ Students who have completed the CPC31320 Certificate III in Wall and Floor Tiling or relevant units' at SIC will be offered credit transfer. This will reduce the duration of study in the CPC30220 Certificate III in Carpentry from 8 terms (direct entry) to 6.5 terms at Skyline International College.

COURSE COMPLETION

Upon successful completion of all the required units of this course, you will receive a nationally recognised qualification in CPC31320 Certificate III in Wall and Floor Tiling. Students who do not complete all required units may be eligible for a Statement of Attainment in partial completion of CPC31320 Certificate III in Wall and Floor Tiling course.

PATHWAYS

Under mutual recognition, the Qualification or Statement of Attainment awarded by Skyline International College will be recognized by other RTOs Australia wide. Upon successful completion of this course, students may choose to study:

- CPC50220 Diploma of Building and Construction (Building) at Skyline International College or
- An undergraduate degree at universities or higher education providers that are willing to accept your credentials and experience (subject to higher education providers course entry requirements).

TRAINING AND OTHER FACILITIES

Skyline International College campus is fully equipped with required facilities including modern computer lab with internet access and required IT software's, data projector and resources borrowing facility, printing and photocopying facility and a student common area.

Practical workshop– a custom-built space that is used for wall & floor tiling training and can be adapted to suit wall & floor tiling work practice and simulations.

WALL & FLOOR TILING WORKSHOP LOCATION

Students note that, wall & floor tiling practical workshop facility may be located in a different location from the campus. Student must make necessary arrangements to attend practical workshop session.
